sketch 3g

overhead view

outline of steep terrain where it meets water

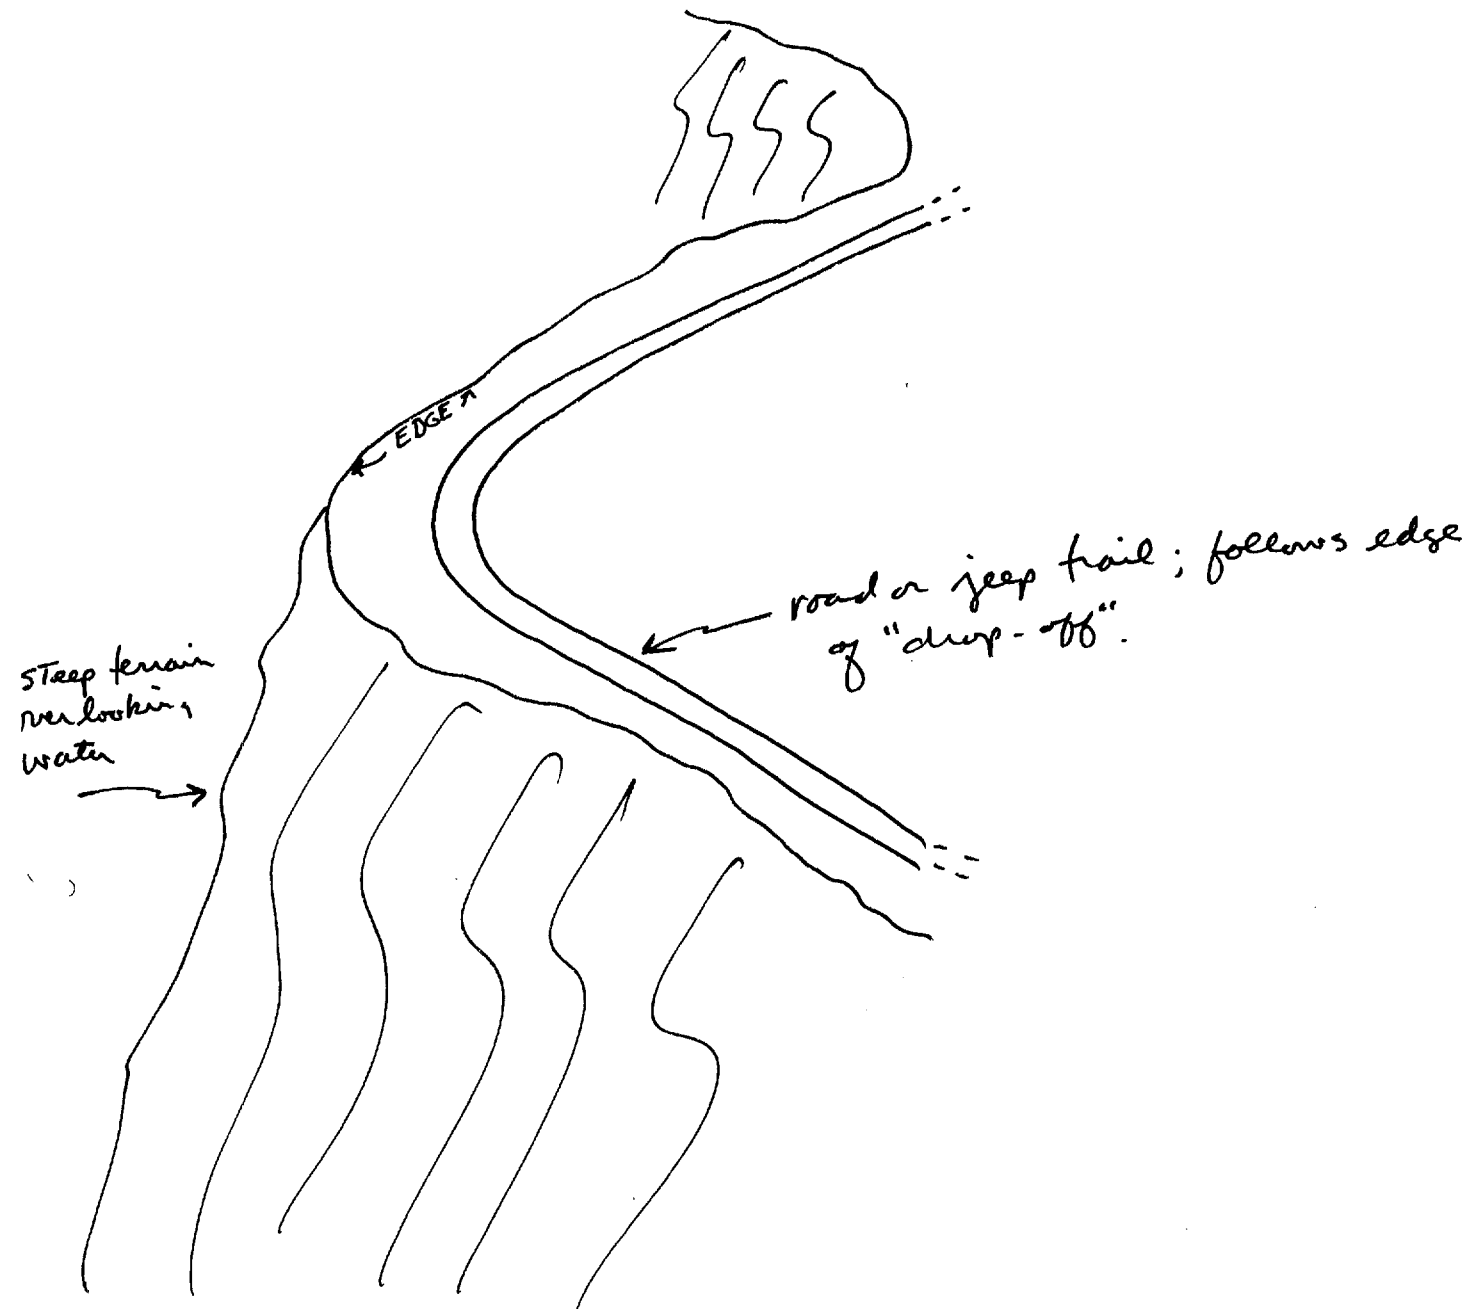

* long, gently rising sand or land; bare; juts out into water for a long way.

* This feature is within view of target at its current location

LIMITS~~

sketch 3e

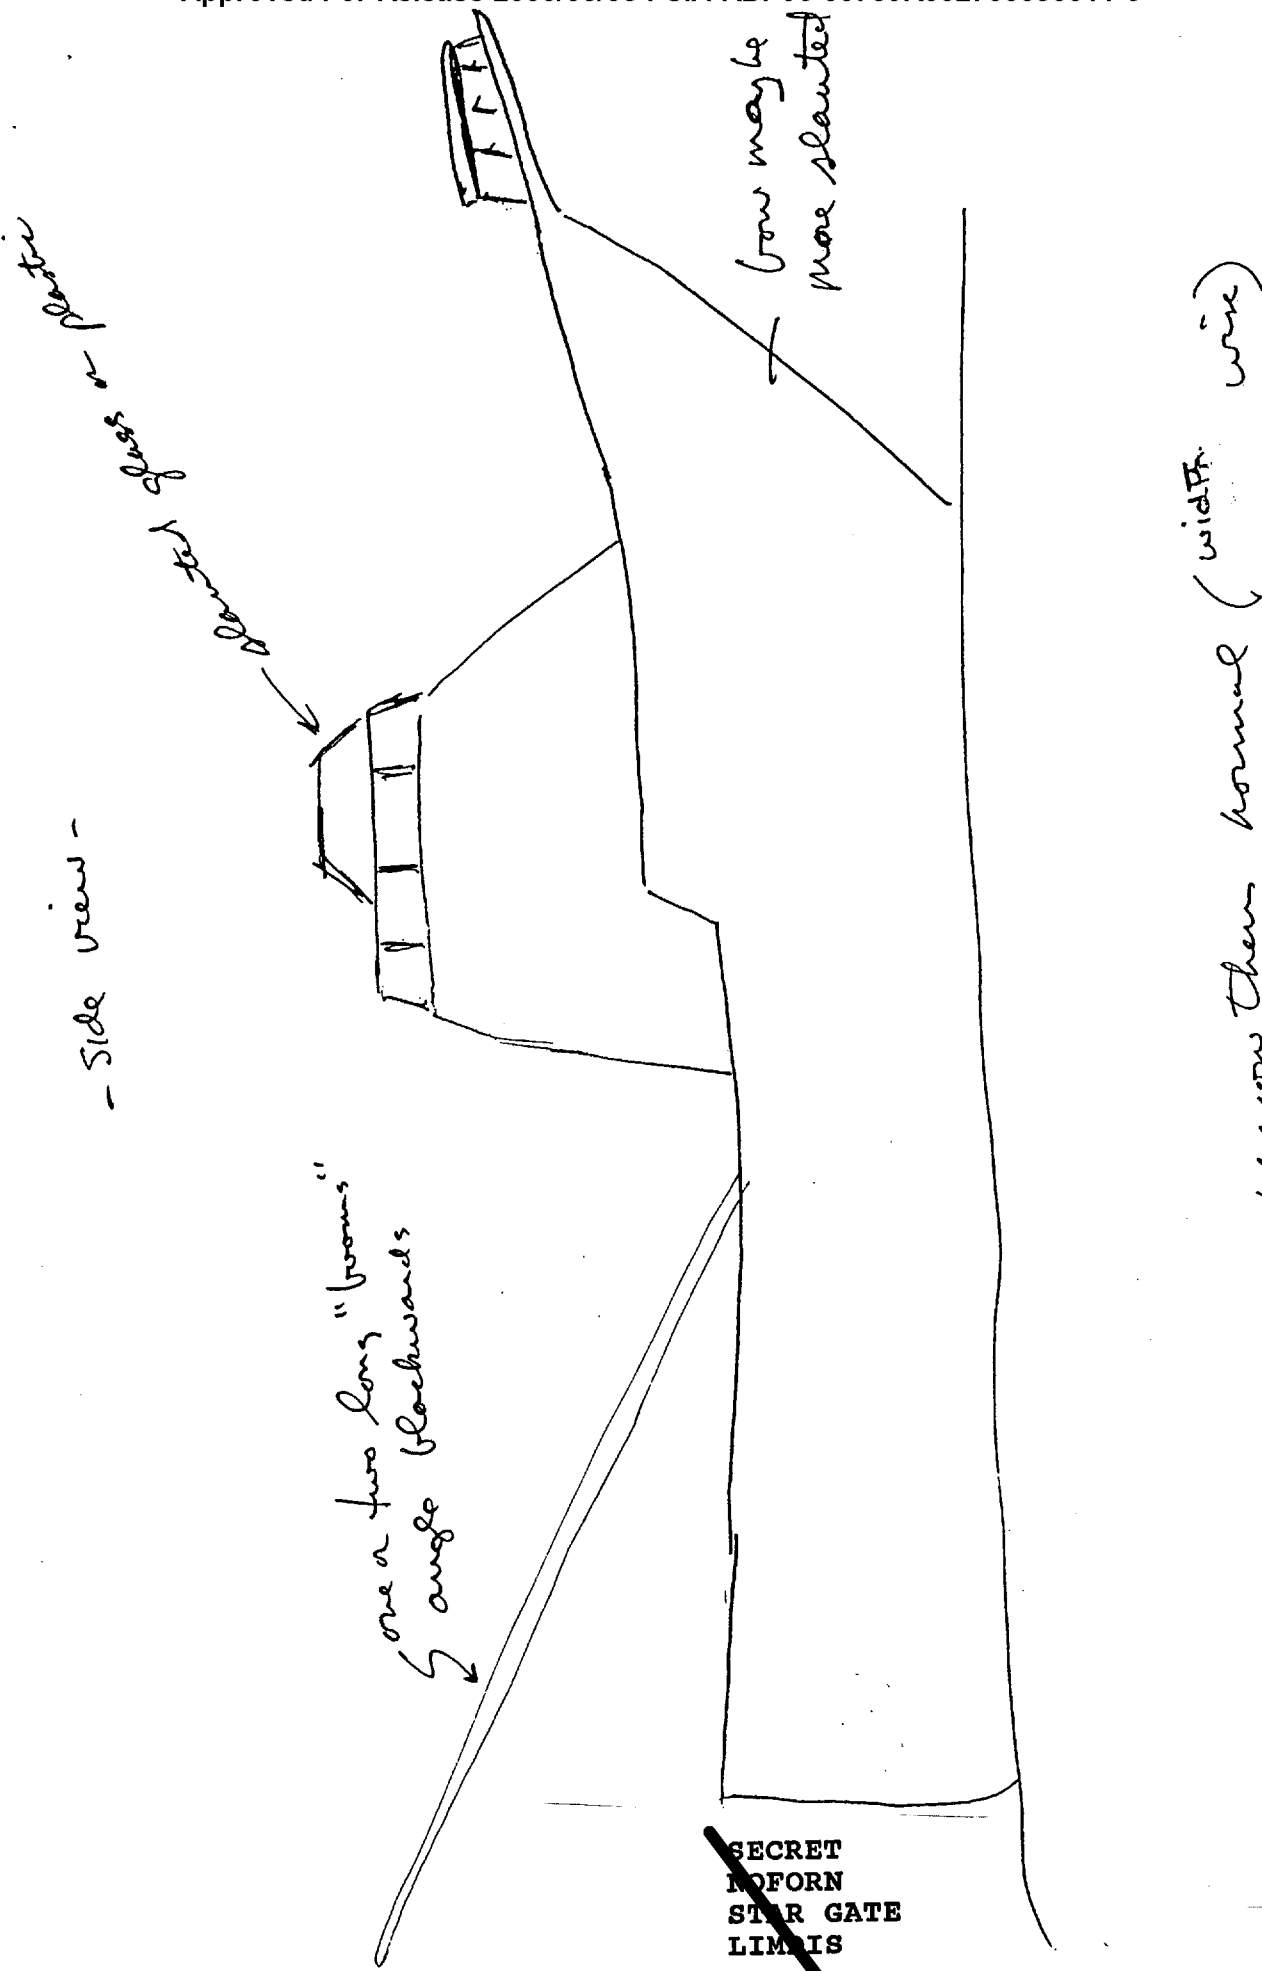

overhead view

- * seems abnormally narrow; extremely pointed bow w/ "standing" over feature extending out from bow
- * not associated w/ fish; either connected or parts; combination of both.
